Lyme Disease

[10-year battle highlights Lyme disease debate.](#) "Mandy Hughes was bitten by a tick at age 19 and was diagnosed with Lyme disease. Within weeks, she seemed to be cured. But over the years, what she calls debilitating symptoms flared, and 15 doctors failed to find an answer. Her case highlights a debate over how widespread the disease is -- and how insurance companies should cover treatment."

[10 Tips to Protect Against Chronic Lyme.](#) For those who suffer from chronic Lyme disease, life is never the same again. People with chronic Lyme can have many debilitating symptoms, including severe fatigue, anxiety, headaches, and joint pains. Typically, chronic Lyme patients have a poorer quality of life than patients with diabetes or a heart condition.

[Physician Shame - Lyme Disease 'Is All in Your Head'](#)

[Under Our Skin](#) - A Film: "A dramatic tale of microbes, medicine and money, this eye-opening film investigates the untold story of Lyme disease, an emerging epidemic larger than AIDS."

[US Government Admits Lyme Disease Is A Bioweapon](#)

[Activists Force Review Of Lyme Disease Guidelines](#)

[Cure Unknown: Inside the Lyme Epidemic](#)

A groundbreaking and controversial narrative investigation into the science, history, medical politics, and patient experience of Lyme disease told by a science journalist whose entire family contracted the disease.

Pamela Weintraub paints a nuanced picture of the intense controversy and crippling uncertainty surrounding Lyme disease and sheds light on one of the angriest medical disputes raging today. She also reveals her personal odyssey through the land of Lyme after she, her husband and their two sons became seriously ill with the disease beginning in the 1990s.

From the microbe causing the infection and the definition of the disease, to the length

and type of treatment and the kind of practitioner needed, Lyme is a hotbed of contention. With a CDC-estimated 200,000-plus new cases of Lyme disease a year, it has surpassed both AIDS and TB as the fastest-spreading infectious disease in the U.S. Yet alarmingly, in many cases, because the disease often eludes blood tests and not all patients exhibit the classic "bull's-eye" rash and swollen joints, doctors are woefully unable or unwilling to diagnose Lyme. When that happens, once-treatable infections become chronic, inexorably disseminating to cause disabling conditions that may never be cured.

Weintraub reveals why the Lyme epidemic has been allowed to explode, why patients are dismissed, and what can be done to raise awareness in the medical community and find a cure. The most comprehensive book ever written about the past, present and future of Lyme disease, this exposes the ticking clock of a raging epidemic.

Aspartame -- READ the label.

Splenda

Splenda-Related Side Effects

If you are using Splenda (the brand name for sucralose) because you think it is a safe

alternative to sugar or other artificial sweeteners like Nutrasweet, then you may be in for a big surprise. Research in animals has shown that consuming sucralose comes hand-in-hand with a plethora of health problems.

Shrunken thymus glands (up to 40 percent shrinkage)
Enlarged liver and kidneys
Atrophy of lymph follicles in the spleen and thymus
Reduced growth rate
Decreased red blood cell count
Aborted pregnancy
Diarrhea

Fluoride

Bottled water or buy a good water filter system like my Berkey. Heath foods stores (and some of the big chains in your area) carry fluoride free tooth paste and mouthwash. I've been using them since 1994.

[U.S. government wants](#) 75% American water fluoridated by 2010. "Water systems serving about 30 percent of Americans are not giving them fluoridated water, six decades after fluoridation was started as a public health measure to prevent tooth decay, officials said on Thursday."

[Scientific Study Finds Fluoride Horror Stories Factual](#)

[Professionals' Statement Calling for an End to Water Fluoridation](#)

[Neurotransmitter and receptor changes in the brains](#) of fetuses from areas of endemic fluorosis. ""For example, a 1996 study by researchers at Guiyang Medical College (Yu 1996) details how fluoride exposure among pregnant mothers can disrupt the synthesis

of neurotransmitters and receptors in the brain cells of the fetus. Such effects could lead to long-lasting defects in brain function after birth."

[The Fluoride Glut](#): Sources of Fluoride Exposure. "Dental and Public health administrators should be aware of the total fluoride exposure in the population before introducing any additional fluoride programme for caries prevention." - World Health Organization. (1994). Fluorides and Oral Health. WHO Technical Report Series 846.

[Waterloo Watch Says Fluoride](#) In Our Tap Water Is Unnecessary. "'Ninety-eight percent (98%) of Europe has said no to fluoride. We're finding out now that adding fluoride to drinking water to prevent cavities simply doesn't make sense. Recent research demonstrates clearly that drinking fluoridated water does not prevent cavities. The same research shows a growing list of harmful effects. In a recent Globe and Mail article (Nov 28, 2007) Warren Bell, former head of the Canadian Association of Physicians for the Environment stated; 'The days of wholesale deliberate fluoridation ... are numbered.'"

[Lawsuits threatened over forced fluoride](#). "Concerns about fluoridation are quickly surfacing as the National Kidney Foundation withdrew its support of the chemical additive at the same time the largest association of water professionals in the world was warned not to destroy evidence that may be required in legal actions filed by individuals harmed by drinking fluoridated water."

How about this one! [EPA might not act to limit rocket fuel in drinking water](#)

[Fluoride - The Lunatic Drug](#)

"Controversial fluoride is one of the basic ingredients in both PROZAC (FLUoxetine Hydrochloride) and Sarin nerve gas (Isopropyl-Methyl-Phosphoryl FLUoride). Sodium fluoride, a hazardous-waste by-product from the manufacture of aluminum, is a common ingredient in rat and cockroach poisons, anesthetics, hypnotics, psychiatric drugs, and military nerve gas. It's historically been quite expensive to properly dispose of, until some aluminum industries with an overabundance of the stuff sold the public on the terrifically insane but highly profitable idea of buying it at a 20,000% markup, injecting it into our water supplies, and then DRINKING it."

Mercury fillings. I had all of them taken out my mouth and my daughter's in 1994. I've never regretted the cost.

[Patent for a pig - video](#)

[Frightening food for thought](#). "You may know Monsanto for its role in those old chestnuts PCB, dioxin and Agent Orange, poisons so pervasive and so stubborn they have spread their toxic stain from pole to pole.

"But did you know the 100-year-old company is a major player in the GMO revolution? Under the plausible guise of eradicating world hunger with genetically modified seeds resistant to Round-Up, a best-selling herbicide it also developed, Monsanto has launched an insidious campaign to achieve worldwide market supremacy, regardless of the social cost to small farmers and rural economies.

"It's all laid out in previously classified documents, and confirmed by scientists, politicians and victims. What the evidence suggests is that Monsanto has long waged a dirty war of pressure campaigns, corruption, collusion with government and prevarication, also known as big fat lies."

[Monsanto Whistleblower Says Genetically Engineered Crops May Cause Disease](#)

[Watch this free video:](#)

On March 11, 2008 a new documentary was aired on French television. It is a documentary most Americans will never see, explaining how the gigantic biotech corporation Monsanto is threatening to destroy the agricultural biodiversity which has served mankind for thousands of years.

Cancer

[Merck drug company vaccines admits injecting cancer viruses](#)

The Rise and Fall of a Scientific Genius - DVD

[Aloe Vera](#). I drink a glass of USDA Certified Organic Aloe Vera Juice every evening before dinner. Most people don't like the taste, so they mix it with orange juice or something. I simply look at it as God's miracle for your body. You can get it at most health food stores; if they don't carry it they can order it.

I also have four aloe plants; available at nursery or stores like Lowe's. A rash? Break open a leaf and rub the pure aloe vera goo onto it. I think you'll be amazed at the results! YOU be the judge of what works. Don't let politicians or pharmaceutical companies tell you only their toxic chemicals are the only "cure." Remember: There's no money in the cure, only the treatment.

Mammograms. I refuse to have one. They are nothing but cash cows for the medical industry.

[Mammograms -Who Needs Them?](#)

[Mammograms produce extremely unreliable test results](#)

[What your spit can tell you about breast cancer:](#)

"Scientists have discovered a new way of testing for breast cancer that could make the mammogram a thing of the past—and it's about time. The test could potentially be far more accurate than the old-school mammograms—not to mention much safer. If this catches hold in the medical community, women can say goodbye to those breast-smashing vise grips. Now, all they'll have to do is open wide and say, "Ahh."

"U.S. scientists are developing a breast cancer screening test that checks a woman's saliva for evidence of the disease. They say they've identified 49 proteins in saliva that can actually distinguish healthy women from those with benign breast tumors and those with malignant breast tumors."
