Gentlemen:

This past February I sent you packages of carefully compiled documentation asking for an investigation into Obama/Soetoro for violation of 18 U.S.C. §1343, wire fraud, for starters. I've never had a response.

As I'm sure is being discussed over water coolers through the Department of Justice, there are still several active cases to expose the usurper in the White House and his ineligibility to run for president of these united States of America. The next major hearing is Oct. 5, 2009 in federal court in Santa Ana, California.

It doesn't matter that Obama aka Soetoro gambled and is now in the White House. No one is above the law and we the people will not stop until the truth is exposed and justice served.

Which brings me to this correspondence that many think is a waste of my time. However, nothing ever gets done sitting on your backside or waiting for someone else to do it.

I strongly request a full investigation into fraud by Nancy Pelosi and a woman named Alice Travis Germond. You can't believe everything you read on the Internet as absolute truth. That's a given. I know, this is what I do day after day. However, I am enclosing an investigative piece from a web site, Canada Free Press, who produce accurate and verifiable facts.

In this case, their intrepid writers have uncovered documents that clearly point to a cover up by Nancy Pelosi and others to conceal the fact that they knew Obama/Soetoro was

and can never be a natural born citizen at birth and therefore, could not run for the office of president.

Pelosi, et al used one form for the Democratic Convention and another one without the critical constitutional language to the states. This is also covered in a lawsuit still pending:

Kerchner v Obama, et al  
United States District Court – New Jersey  
Civil Action No: 1:09-cv-00253 – see Items number 89-91

As you see by the attachment, I have filed an Open Records Policy request with my SOS to obtain the document submitted by Pelosi, et al for ballot qualification.

I am aware DOJ is literally buried in investigations regarding the illegal bail out money and fraud. However, this, if true, is fraud at the highest levels of government and must not be tolerated. We the people are sick of the rot and corruption at all levels of government. Please open an investigation.

Cordially,

Devy Kidd
